

## CARLSSON 1/5 EVO DS NOW AVAILABLE IN 22 INCHES

The popular 1/5 EVO DS wheel is now also available in 22 inches. The contrast between the black painted wheel and the polished surface, along with the five double spokes emphasizes the classy character of the light alloy wheel. The 1/5 EVO DS wheel is available for the S-Class, R-Class, M-Class, CL-Class Coupé and the GL-Class for only 799,- € excl. VAT.

## CARLSSON AT THE AMITEC 2010

At this years AMITEC in Leipzig, Carlsson was represented at a joint stand of the Central association of the German motor industry and the development partner FUCHS Motorenöle. The Merzig based company presented their new forged wheel 1/10 Ultra Light, which goes great along with their body kit for the new E-Class (W212).

The perfectly refined saloon delighted numerous visitors of the AMI and AMITEC and thus kept the stand pretty busy.

## RBM SPORT GRAND OPENING

Carlsson has formed a new partnership in Spain. The technology centre RBM of the Spanish Carlsson importer Club Sport Parts in Valencia had its grand opening on April 9th. More than 500 guests from all over the country came to have a look at the new exhibition- and office space that is over 1000 square meters in size. In order to guarantee first class service for the discerning customers, the new company facilities now include five vehicle hoists, an engine department and a chassis dynamometer.

## SALES-PROMOTION SPRING SPECIAL SLK R171

At the start of the open-air season, the automobile manufacturer Carlsson offers an attractive package for the popular roadster of Mercedes Benz.

The spring special for the Mercedes-Benz SLK (type R171) consists of an entire aerodynamics package for the roadster, including chrome safety roll-over bars, a complete wheel set and visual refinements – even the elegant Carlsson chronograph for the driver's wrist is included. The complete Kit (fitted and painted) is available at Carlsson at Gut Wiesenhof, Merzig for 10.669,-€ excl. VAT.

## TUNING WORLD BODENSEE 2010

Carlsson will be presenting itself on a joint stand with its tyre partner Vredestein at this years Tuning World Bodensee fair, which will take place between the 13th and the 16th of May. In addition to the C63 RS (based on C63 AMG) with 600bhp and the exclusive Carlsson Aigner CK55RS Rascasse (based on GL500), Carlsson will bring a very special car along to Friedrichshafen. Inspired by the recently presented C25, the Carlsson Smart Turbo features an exceptional design and lots of valuable materials in the interior. Car enthusiasts will be able to check out the exclusive Carlsson vehicles at stand 402 in hall B5 at the long weekend in Friedrichshafen.

All prices excl. VAT and mounting
