

CARLSSON SPORT SILENCERS FOR E-CLASS SALOON (W212)

As of now there's a large assortment of exhaust systems available for the latest E-Class saloon. For every type of engine Carlsson engineers have developed a suitable sport rear silencer including the lined tailpipes with the measures 225x90mm. Naturally, each part is made of premium stainless steel to guarantee a long-lasting durability.

Prices for the rear silencers start at 1.949,-€ excl. VAT (2.319,31€ incl. VAT). The tailpipes are also available without the rear silencer, of course. The added assembly kit also includes all necessary holders to attach the tailpipes to a standard Mercedes exhaust system. For more information visit www.shop.carlsson.de

„CARLSSON HAMAMATSU“ IN JAPAN NEWLY OPENED UP

Carlsson Hamamatsu is located in the heart of Japan and offers the whole range of Carlsson products to refine and tune Mercedes-Benz cars. Additional services such as assembly and modification of engine performance kits, suspensions and aerodynamics are also part of the day-to-day business of the new Carlsson partner. Customers and interested parties are being taken care of by well trained staff and provided with professional advice in the appealing and carefully designed showroom.

CARLSSON WHEEL DESIGN 1/16 ALL SEASON now available in 10x18"

The Carlsson wheel design 1/16 All Season is now also available in combination (8,5 x 18" & 10 x 18"). Thanks to its extremely resistant anthracite-finishing, the wheel is suitable for the use in summer as well as in the winter season. The wheel is available in the sizes 8,5 x 18" and 10 x 18" for a price of 299,-€ and 349,-€ excl. VAT respectively at your Carlsson dealer.

CARLSSON AT THE SMART TIMES 2010

Once again Carlsson attended the smart times in Zell am See in Austria with an own booth at the exhibition area. During the world's largest gathering of smart enthusiasts the Carlsson team from the sales and development presented their wide product portfolio for smart automobiles to the public and answered the questions of the numerous interested visitors. More than 4000 smart drivers from 14 different nations celebrated the 10th annual smart times event. Even a group from Portugal drove more than 5000 km to enjoy highlights such as the smart corso with more than 600 cars and the unique restaged smart times castle party in Kaprun.
