CARLSSON IS ON THE GO ONCE AGAIN

Carlsson is on the go once again. The automotive manufacturer from Merzig, Saarland put its finest products on display at five events in Germany, Holland and China.

Carlsson at Racing Art China Expo Shanghai

Carlsson is represented by its chinese distributor Carlsson China Trading Limited at the current Racing Art China Expo in Shanghai from 21 October to 23 October 2009.

EMA, Netherlands

Carlsson visited its Dutch neighbours on September 13th at EMA, southern Hollands's largest Mercedes dealership with 6 branches. EMA welcomed the guest from Merzig together with representatives of the most important Dutch Mercedes from and Dutch Carlsson importer Jules Notermans. The main attraction of the event was the Carlsson C-Class Model T 320 CDI, with its revolutionary 1/5 REVO wheels, LED daylights and CD32 REVO performance enhancement.

Damm Motorshow, Kassel

Yet another Carlsson product was the crowd favourite at the Damm Motorshow, which took place on September 19th and 20th in Hofgeismar, near Kassel. The crowd agreed, the E 350 from Merzig far outshined the standard E-series. This was a special honour for Carlsson, because the standard Mercedes was a new E 63 AMG. In addition, the crowd was also found centered around three Carlsson Smart models and a C-Class.

Astaller dealership, Schierling

On October 3rd and 4th, Carlsson autos were presented at the Octoberfest celebrations for the Astaller dealership. Once again the E-class drew the most attention.

German Unification Day, Saarbrücken

For German Unification Day, Carlsson was very statesmanlike. Carlsson VIPs, artists and singers were chauffeured around Saarbrücken in a black and of course refined S-Class. The luxury vehicle was in action for three days and logged 1,600 kilometers.
